The shop with a cop program is one of the most underrated and sadly not well-publicized programs that many law enforcement departments participate in. Many may wonder what the program entails and why it is such a beneficial program. This program- despite what some progressives may suggest- is not police propaganda, but rather an opportunity to help strengthen community relationships and help to humanize our law enforcement officials. Shop with a Cop is a program that allows lower income children to be able to get gifts for their families in the form of basic clothing items and toys. Through this program, police officers are given the opportunity to play Santa Claus to these children. ***It also helps to build trust in the community and strengthen the bonds between the department and the people they serve. The officers that participate do so as volunteers and donate their time and resources to support the cause.***

There is a collection jar in fellowship hall.
